When I was at my worst, feeling hopeless, confused & alone, he told me exactly what to do. It was shortly after that when I started going to church & I never left. I wouldn't be where I am in ministry without that conversation that night. Talk about serve & protect, he saved my life. Thanks for talking me down off that ledge, Bubba! Tell Moey & Papa that I miss them & I'll see you there in God's perfect timing! Love you & miss you tons!

So sorry for your loss. So remember Larry as we lived across the street from him and his family from 1972 to 1985. Larry was a great young man and didn't realize he had lived in McLean all these years. The family are in my thoughts and prayers.

I met Larry the day Sheriff Stubblefield hired him as deputy for McLean. It was the worst possible type of call that we could respond to in emergency services, a teen suicide. From that point on we were more than friends, we were brothers. The day Larry found out he had cancer he called me to come to the office to talk. I have lost a very close friend and those are hard to come by in this day and time. RIP BROTHER! I will see you soon.
