I have nothing but wonderful memories of Cracker and Barbara. I remember when Barbara came to visit Memphis and had a date with Cracker. Sparks flew! I remember going to their wedding and then them driving to Memphis to the hospital so Carl H. could see Barbara in her wedding dress. I think about the little bundles of joy they brought to this earth. What a blessing Cracker has been to many for many, many years. Love to all of the Bowens. Tanya

Graham was an exceptional employee with Lighthouse Electric. He and his work partners would go out in bad weather to repair the lines! We would turn the light on over our porch when the electricity would go off. When they got a section repaired, they could tell if there was somewhere else out, because the light was visible for miles from the East, South or North. They would tell us how much they appreciated it because it would save them many miles and lots of time when they could see it. He was also a good friend and had an amazing sense of humor. Jim and I have good memories of him from when we lived at Brice. He told us how much they missed us being there to turn the light on during bad weather. He is greatly missed.
