Because I Love You. For all those nights when I was little and you would tell us Fairy Tales like the "Three Little Pigs" and "Little Ted Riding Hood" until we went to sleep. For all the times you came up with fun games for us to play. For all the walks you took us on and pointed out all the neat things in nature. For showing us how to sew our first dress. For keeping up with all my crazy energy when I was little. Telling us that wearing toe socks felt like walking through the chicken coop barefoot and getting chicken poop between your toes!The time when we would wear overalls when they were in fashion and you couldn't believe it. You tell us how you had to wear them picking cotton and working on the farm. You couldn't believe someone would wear them because they were in style.You always would tell funny jokes and make us laugh. I will miss you from the bottom of my heart. You always made us feel special. I Love You Aunt Dean!
