Alicia and her family have meant so much to the community of Memphis, Memphis ISD and to the Cyclones. To my knowledge there has never been a family (Coach Berry, Attie and Alecia) that has made the kind of impact that this family has made on this community. I don't know the exact number of years that they have worked for this school system but I bet that it was over 60 years. They were "difference makers" in every sense of the word and they've been a ax truly loved by so many. Sharon and I love the Berry Family and we were both blessed with the everlasting impact they have made to our family. Matt Monzingo
