“ Catlin was the first best friend I ever had as a kid. The most epic games of tag on the round bales of hay behind your moms house, and staying up all night playing and watching wrestling games (DX for life brother)!!! I always enjoyed coming back to Memphis for the Hall County Picnic hoping I would run into him again, when I did it was like nothing was missed and when I didnt the picnic wasnt the same.. Judy your are such a beautiful woman and soul and my heart is completely broken for you and your family. Catlin will be missed but he will always be in our Hearts. Much Love Judy, I pray that you find peace in this.

“ Catlin was in a number of my classes when he was in high school. We always had a project and he was always in the middle of it. Very often he was the driving force to get it done. Then he would provide the comic relief. Always willing to try new things. One student that everyone could count on. Judy, mamas are not supposed to have to bury their children. My heart hurts for you. I pray he is finally at peace. Absolutely he will be missed.

“ Catlin was something else to say the least! My guy, my brother, my crap talking friend was a hell of a individual who left us all early is now in good hands. The smartest kid in our class of 2006 gave us good memories and kept us shaking our head in laughter from his opinions of saying what's on his mind! From mad mintues time tables in elementary to having a drink in our older years, bro I'll never forget any of our good,wild, or mad at each other times. The past year we both knew u wasn't healthy but it didnt stop u from being you! I'm gonna miss riding up to your house and u cussing me out haha, I'm gonna miss us reminiscing about who was really the best shooter on our basketball team (me)! Just cause your body isn't in my presence doesn't mean your soul isn't... until I see you again "White Boy" I love you big bro!
